- master fundamental knowledge with autonomy and self-confidence,
- demonstrate familiarity with modern technological processes, operations, methodologies and

- organisation of work in their own specific working environment,
- integrate knowledge from various areas and build it into specific applications in financial sector organisations.

## Assessment and completion

Students' knowledge is assessed by means of practical exercises and seminar papers, and also via products, projects, performances, services, etc. and by examinations. Examination performance is graded as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5-1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

## Progression

Students progress to the second year when they have completed all first-year course units to the extent of at least 58 credits, and progress to the third year if they have completed all first-year course units and have acquired at least a further 50 credits by passing second-year examinations.

## Transitions

Second-cycle master's study programmes (SQF level 8)

## Condition for obtaining certificate

Students must meet all requirements defined by the study programme to complete their studies.
