Field
Poslovne in upravne vede, pravo

ISCED subfield

subfield poslovanje in upravljanje, menedžment

Qualification level

SQF 7
EQF 6
First level

Learning outcomes

The qualification holder will be able to:

- analyse and synthesise knowledge acquired and envisage solutions and the consequences of phenomena in management, economics and law for an organisation and society in general,
- demonstrate familiarity with research methods, procedures and tools in the field of the social sciences and use them to solve problems in the social science field,
- apply knowledge in practice with an emphasis on making decisions with regard to the working and living environment,
- develop communication and rhetorical abilities and skills,
- present data and information,
- communicate in the international environment (i.e. in at least one foreign language), taking into account intercultural differences and using various modern technologies,
- work independently and in a team,
- show initiative, collegiality towards colleagues and loyalty towards employers, and the ability to tolerate criticism and comments and act on them,
- critically assess information and sources of information, defend their own positions in a well-argued manner and take into account the positions of others,
- think creatively, innovatively and critically and adopt decisions that also take into account sustainable development from the point of view of the organisation and society,
- demonstrate a capacity for ethical reflection and a commitment to professional ethics in the business environment and in private life.

Assessment and completion

Students' knowledge is assessed by means of practical exercises and seminar papers, and also via products, projects, performances, services, etc. and by examinations. Examination performance is graded

as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5–1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

Students may progress to the next year if they have completed 45 credits from the current year and all course units from the previous year.

Transitions

Second-cycle master's study programmes (SQF level 8)

Condition for obtaining certificate

In order to complete the programme, students must complete the 180 credits envisaged by the study programme and defend a bachelor's thesis.
