- articulate the problems of everyday life as philosophical problems and find appropriate solutions to them.

Assessment and completion

Students' knowledge is assessed by means of practical exercises and seminar papers, and also via

products, projects, performances, services, etc. and by examinations. Examination performance is graded as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5–1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

In order to progress from the first year to the second year, students must have completed at least 24 credits from the proposed study programme and a corresponding number of credits envisaged in the other part of the two-subject study programme. Progression requires students to have completed all compulsory first-year course units. In order to progress to the third year, students must have completed at least 21 credits in the proposed study programme and a corresponding number in the other part of the two-subject study programme. Progression requires students to have completed all remaining first-year course units and all compulsory second-year course units (21 credits).

Transitions

Second-cycle master's study programmes (SQF level 8)

Condition for obtaining certificate

Students complete a two-subject study programme when they have completed all course units prescribed by the programme in both parts of the two-subject study programme for a total of at least 180 credits (90 credits in each part of the two-subject study programme).
