Assessment and completion

Students' knowledge is assessed by means of practical exercises and seminar papers, and also via products, projects, performances, services, etc. and by examinations. Examination performance is graded as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5–1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

Mandatory attendance at lectures and tutorials is defined in the curricula.

A student can progress to a higher year if he / she collects at least 48 ECTS of the current year and completes all the obligations of the previous year.

Exceptionally, a student may progress to a higher year if he / she collects at least 42 ECTS of the current

year and fulfills all obligations of the previous year when he / she has justified reasons, such as: maternity, long illness, exceptional family and social circumstances, recognized status of a person with special needs , active participation in top professional, cultural and sports events, active participation in university bodies. The student substantiates the justified reasons with appropriate documents (medical certificate, decision of the Center for Social Work, family list, copy of the maternity book, etc.)

Transitions

Second-cycle master's study programmes (SQF level 8)

Condition for obtaining certificate

The student successfully completes the study when he / she completes all the obligations prescribed by the study programme.

The final written product is prepared by the student on the basis of research work within the subject of the third year Graduation seminar. Within the course, contact hours with the mentor are planned as part of seminar exercises and the student's independent work in the preparation of the final written product. The graduation seminar is presented in more detail in the attached curriculum.
