Learning outcomes

The qualification holder is qualified to:

(general competences)

- develop communication skills, with an emphasis on the international environment,
- demonstrate ethical reflection and commitment to professional ethics,
- demonstrate the capacity for cooperation, teamwork, project work and work in the local and international environment,
- autonomously search and obtain professional knowledge and integrate new knowledge with existing knowledge,
- autonomously work in a professional manner and adopt business decisions,

(subject-specific competences)

- analyse, synthesise and anticipate solutions and the consequences of factors at tourism destinations,
- critically assess developments relating to tourism destination management,
- search for and interpret fresh information, and apply it in the context of the tourism profession,
- demonstrate understanding of and understand the foundations and history of tourism, and business organisational sciences,
- demonstrate knowledge of and understand the tourism profession and tourism destination management,
- solve specific problems related to destination management using the appropriate methods and approaches,
- plan, organise and monitor relationships and processes in the social and economic environment at the local level, with an emphasis on sustainable development,
- recognise and consider the characteristics of international market segments and the macro-environmental characteristics of tourist emitting markets.

Assessment and completion

Examination performance is scored as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5–1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

Full-time students may progress to a higher year if they accumulate 45 credits (40 credits for part-time students) by the end of the current year, and meet all requirements for the previous year.

Transitions

Second-cycle master's study programmes (SQF level 8)

Condition for obtaining certificate

Students complete their studies when they have met all prescribed requirements of a study programme (i.e. positive scores in all subjects, seminar papers, successfully completed professional practice, and a crafted and successfully presented final project).
