- examine patients with emphasis on examination of the orofacial region,

- recognise conditions, their signs and symptoms, with an emphasis on the orofacial region,
- demonstrate knowledge of diagnostics and treatment with a particular emphasis on the orofacial region,
- demonstrate understanding of the role and importance of preventive measures in dental medicine,
- undertake research in the field of dental medicine.

Assessment and completion

Examination performance is scored as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5-1 (inadequate). In order to pass an examination, the candidate must achieve a grade between adequate (6) and excellent (10).

Progression

Students may progress to a higher year if they have met the requirements defined in the programme. Students must show that they have met all requirements for an individual subject. In order to progress to a higher year, students must have met requirements totalling 54 credits.

Transitions

Third-cycle doctoral study programmes (SQF level 10)

Condition for obtaining certificate

Students complete their studies and graduate when they have met all requirements of the study programme and obtained 360 credits.

Awarding body

University of Ljubljana, Faculty of Medicine
