Candidates may complete the requirements during the first-cycle programme, during supplementary study programmes or by passing differential examinations before enrolment in the second-cycle programme.

ISCED field

Field

Družbene vede, novinarstvo in informacijska znanost

ISCED subfield

subfield bibliotekarstvo in informacijska znanost

Qualification level

SQF 8

EQF 7

Second level

Learning outcomes

The qualification holder will be able to:

- lead institutions or their parts involved in collecting, storing and providing information (e.g., information centres, documentation departments),
- promote and enhance the profile of libraries and similar institutions involved in collecting, storing and providing information,
- critically apply new developments in the theory and practice of their professional and occupational field,
- undertake autonomous research and publish research results and take part in group research and development work,
- demonstrate creativity and originality in routine and development work and research in own field,
- show awareness of the importance and role of information in a concrete institution and in modern society in general.

Assessment and completion

Examination performance is graded as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5-1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

In order to progress to the second year, students must have completed course units totalling 90% of the credits prescribed by the curriculum for the individual year (i.e. 54 out of 60 credits).

Transitions

Third-cycle doctoral study programmes (SQF level 10)

Condition for obtaining certificate

To complete their studies, students must complete all course units for all subjects in which they have enrolled, and write and defend a master's thesis.
