Learning outcomes

The qualification holder will be able to:

- perform analyses, syntheses and evaluations in a logical and abstract manner,
- express in depth their knowledge of both specialist fields in written and oral form,
- competently transfer intra- and interdisciplinary knowledge into practice,
- contextualise and independently supplement information,
- transfer knowledge and skills to other problem areas,
- approach problem-solving as part of a team and organise and lead specialist teams,
- autonomously find new sources of knowledge and interpret and apply them in professional and academic fields.

Assessment and completion

Examination performance is graded as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5–1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

Students may progress to the next year if by the end of the academic year they have completed all course units prescribed by the study programme for progression to the next year.

Transitions

Third-cycle doctoral study programmes (SQF level 10)

Condition for obtaining certificate

In order to complete the programme, students must complete all course units prescribed by the study programme and individual subject syllabuses, for a total of 60 credits. Since this is a two-subject study programme, in order to complete the overall programme students must also complete all course units in the other discipline, amounting to 60 credits, for a total of 120 credits.
