subfield sociologija in študiji kultur

Qualification level

SQF 8
EQF 7
Second level

Learning outcomes

The qualification holder will be able to:

- demonstrate proficiency in the use of scholarly apparatus and the methods and techniques of ethnographic fieldwork and the ability to collect, record and document material and submit it to expert evaluation,
- carry out motivational work in the field of culture; lead or participate in national and international (above all European) research projects, applied projects and development projects in the fields of heritage, contemporary culture, mass media, advertising, tourism, regional development programmes, etc.,
- undertake independent research and professional work,
- demonstrate understanding of transnational processes, cultural diversity and identities at the local, regional, national and supranational levels, demonstrate understanding of different cultural

contexts, contacts and exchanges between nations, peoples and social groups (in particular in the European context),

- make intercultural comparisons and address intercultural problems and conflicts,
- demonstrate understanding of the distinct cultural attributes of different peoples and nations in Europe and on other continents,
- use various forms of knowledge transfer, speak in public and communicate with the media,
- autonomously evaluate and apply ethical criteria and show a commitment to professional ethics.

Assessment and completion

Examination performance is graded as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5–1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

In order to progress to the second year of the master's (second-cycle) programme, students must have completed 54 credits – in accordance with the practice of "one overlookable condition". Overlookable conditions do not include examinations in compulsory first-year subjects – students must pass these without exception.

Transitions

Third-cycle doctoral study programmes (SQF level 10)

Condition for obtaining certificate

In order to complete the programme, students must complete all course units prescribed by the study programme and the syllabuses of the subjects included in the individual programme. In order to complete the programme, students must complete course units totalling 120 credits and successfully defend a master's thesis.
