- understanding and use of methods of critical analysis and development of theories and their use in solving concrete work problems - management, taking responsibility, achieving goals, making decisions, etc .;
- development of leadership and management skills;
- developing the necessary personality traits for effective and responsible leadership.

Assessment and completion

Examination performance is graded as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5–1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

The system of taking exams takes place after each completed lecture or module. The candidate has only one option to correct the exam.

All lectures, tutorials and other activities are mandatory. In order to successfully complete the study, the candidate must therefore complete all study obligations, including the integration counseling project, which is considered to be the candidate's final work. So, together with all the completed obligations, the candidate collects 120 ECTS and thus completes his / her studies.

Transitions

Third-cycle doctoral study programmes (SQF level 10)

Condition for obtaining certificate

The candidate completes the studies when he / she has completed all the obligations prescribed by the study programme, prepares and successfully defends the project advisory task and selects a total of 120 ECTS.
