## Learning outcomes

The qualification holder will be able to:  
(general competences)

- master research methods,
- develop critical and analytical thinking,
- make independent decisions based on self-critical assessment,
- analyse, synthesise and integrate knowledge from other fields,
- demonstrate independence in professional work and in making decisions,
- demonstrate a commitment to general and specific ethical principles (ethics in public administration),
- solve problems in the light of broader social fields,
- analyse problems from their own working environment,
- demonstrate proficiency in the use of modern information and communication technologies (websites),

(subject-specific competences)

- demonstrate familiarity with and understanding of the foundation and history (of development) of the fundamental discipline,

- resolve specific work problems through the application of scientific methods,
- perform critical analysis and reflection,
- understand and apply critical analysis methods and development of theories, and apply them in solving specific work problems,
- demonstrate coherent mastery of basic knowledge,
- link knowledge from various areas,
- place new information and interpretations in the context of the fundamental discipline of the profession,
- contextualise new information, knowledge and interpretations in everyday working experience,
- develop skills and expertise in the application of knowledge in a specific technical field,
- demonstrate understanding of the general structure of the core discipline and the links to its sub-disciplines.

## Assessment and completion

Examination performance is graded as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5-1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

## Progression

In order to progress from the first year to the second year, students must pass examinations in four of the six subjects in which they have enrolled.

## Transitions

Third-cycle doctoral study programmes (SQF level 10)

## Condition for obtaining certificate

In order to complete the programme, students must complete all course units prescribed by the study programme.

## Awarding body

Independent higher education institute, Graduate School of Government and European Studies
