Second level

Learning outcomes

The qualification holder will be able to:

- demonstrate specialised legal knowledge in the field of a selected module that supports the professional orientation of the student,
- broaden their general legal horizons in the field of elective subjects that ensure a broad general perspective, which is extremely important in ensuring good-quality decision-making,
- promote a value system that is the basis for decision-making in concrete cases,
- transfer theoretical knowledge into practice, showing the ability to resolve complex cases that require the integration of various fields of law and prepare complex legal acts,
- use various methods of interpretation to interpret legal texts,
- use deductive legal reasoning and argument,
- communicate effectively orally and in writing on legal subjects,
- carry out basic research and locate legal resources,

- encourage socially responsible thinking and demonstrate a critical attitude towards developments in society,
- encourage the highest standards of ethics within the legal profession,
- demonstrate initiative and autonomy in decision-making.

Assessment and completion

Examination performance is graded as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5–1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

The programme has a one-year duration so there is no progression from year to year.

Transitions

Third-cycle doctoral study programmes (SQF level 10)

Condition for obtaining certificate

In order to complete the programme, students must pass all examinations in compulsory and elective subjects, for a total of 48 ECTS credits, and complete a bachelor's thesis for a further 12 ECTS credits. This means that on completion of the programme students will have completed a total of 60 ECTS credits.
