## Learning outcomes

The qualification holder will be able to:  
(general competences)

- analyse, synthesise and solve complex problems in the field of tourism, understand problems globally and locally,
- master research methods, tools and skills,
- apply knowledge in practice,
- demonstrate competence and autonomy in work and a commitment to professional ethics,
- demonstrate communication skills, which are especially needed in tourism,
- perform group work and cooperate in an international intercultural setting,
- pursue continuous learning and be open to new development opportunities since changes in tourism are continuous and rapid,

(subject-specific competences)

- understand why it makes sense to construct the professional field of tourism and its creation,
- solve specific problems in the field of tourism using the relevant approaches,
- master tourism-specific knowledge and integrate this with knowledge of other disciplines in the process of innovative solving of specific issues and managerial challenges,
- introduce new features in the profession and promote them,
- demonstrate familiarity with modern information and communication technologies and be committed to their use.

## Assessment and completion

Examination performance is graded as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum

criteria); 5–1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).
