ISCED field	Field Poslovne in upravne vede, pravo
ISCED subfield	subfield interdisciplinarne izobraževalne aktivnosti/izidi, pretežno poslovne in upravne vede, pravo
Qualification level	SQF 9 EQF 8 Third level

Learning outcomes

Qualification holders are able to pursue a professional career in the field of information science and master the knowledge and skills necessary in the area of IT systems. They are able to gather, manage and develop information using manual and/or computer methods.

Assessment and completion

Examination performance is graded as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5–1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

Students may progress to the next year if by the end of the academic year they have completed all requirements defined by the study programme for progression to the next year.

Transitions

Third-cycle doctoral study programmes (SQF level 10)

Condition for obtaining certificate

Students complete their master's studies when they pass all the prescribed core examinations, perform research work within the framework of programme subjects and produce the required report on their work and successfully defend it, perform research work within the framework of the specialisation subjects and produce the required report on their work and successfully defend it, and produce a master's thesis and successfully defend it before a commission. Graduates of this programme must complete the programme by the 30.9.2016.
