
Magister znanosti/magistrica znanosti s področja matematike-raziskovalna smer

Selected qualifications

Name of qualification	Magister znanosti/magistrica znanosti s področja matematike-raziskovalna smer
Translated title (no legal status)	Master of Philosophy in the field of mathematics-research stream
Type of qualification	Magisterij znanosti/umetnosti
Category of qualification	Izobrazba
Type of education	Master's education
Duration	2 years
Credits	120 credits

Admission requirements

- A completed academic study programme in mathematics with a programme that enables the candidate to pursue this form of study,
 - an average grade of at least 8 in an undergraduate programme,
- Candidates who have completed any other academic study programme or who achieved an average grade of less than 8 in their undergraduate programme may enrol in the postgraduate programme if they pass an entrance examination, the content and scope of which are determined individually on the basis of the candidate's previous study

ISCED field

Field
Naravoslovje, matematika in statistika

ISCED subfield

subfield matematika

Qualification level

SQF 9
EQF 8
Third level

Learning outcomes

Qualification holders are familiar with contemporary knowledge and developments in mathematics and will be capable of research in mathematics.

Assessment and completion

Examination performance is scored as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5-1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

In order to progress from the first year to the second year, students must complete at least 45 credits.

Transitions

Third-cycle doctoral study programmes (SQF level 10)

Condition for obtaining certificate

Students must pass examinations in four subjects in which they have attended lectures (72 credits), write two seminar papers (18 credits) and defend them in a seminar, and write a master's thesis (30 credits). Graduates of this programme must complete the programme by the 30.9.2016.

Awarding body

University of Ljubljana, Faculty of Mathematics and Physics
