Learning outcomes

Candidates will be able to:

- organise, plan and analyse their own work in a control centre,
- autonomously manage and supervise road traffic flows and, in cooperation with co-workers and superiors in the control centre, take timely action in response to incidents relating to road safety and traffic flow,
- ensure the quality of their work and the safety of road users while observing internal regulations and the instructions of the control centre and relevant legislation relating to road traffic,
- keep records and prepare statistics and reports on the basis of acquired road traffic data,
- receive and supply necessary information and instructions in emergency situations regarding road traffic,
- protect health and the environment in accordance with internal rules and statutory regulations.

Accessors

Verification and assessment are carried out by committees for the verification and validation of national vocational qualifications, appointed by the National Examination Centre (NEC). Committee members must be licensed by the National Examination Centre. Licences may be found here .

Assessment and completion

VALIDATION

During the guidance process the candidate prepares a portfolio, which is assessed by a committee. If the portfolio submitted by the candidate contains authentic, valid and adequate proof of the knowledge, skills and competences defined in the occupational standard, the committee may:

- validate the contents of the occupational standard in full,
- validate the contents of the occupational standard in part and define the knowledge, skills and competence to be verified,
- refuse to validate any of the contents of the occupational standard because the candidate has not provided proof of any of the knowledge, skills and competences defined in the occupational standard, in which case it will verify the occupational standard in full.

VERIFICATION METHOD

practical test and oral presentation

Condition for obtaining certificate

Candidates demonstrate attainment of the knowledge, skills and competences defined in the catalogue of standards of vocational knowledge and skills.

Awarding body

Providers of procedures for identifying and validating NVQs are entered in a register of providers maintained in the collection of the national information centre for vocational qualifications. These are: vocational schools, businesses, B2B training centres, adult education centres and chambers of commerce.
