- provide assistance in the provision of pedagogical leadership for an individual, department and/or group,
- adapt learning and educational approaches to individual, social, linguistic and cultural differences of students,
- participate in expanded elementary school programmes (e.g. after-school activities, study circles, school networks, etc.),
- create an encouraging learning atmosphere and positive mutual relations and effectively address disciplinary problems.

Assessment and completion

Students' knowledge is assessed by means of practical exercises and seminar papers, and also via products, projects, performances, services, etc. and by examinations. Examination performance is scored as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5-1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

Students progress to the second year if they have completed teaching practice in the course units Practical training I (3 credits), Practical training II (3 credits) and passed examinations prescribed by the programme totalling 42 credits. Students progress to the third year if they have passed all first-year examinations, completed teaching practice in the course unit Practical training III (3 credits) and passed examinations prescribed by the programme totalling 49 credits. Students progress to the fourth year if they have passed all second-year examinations, completed teaching practice in the course unit Practical training IV (6 credits) and passed examinations prescribed by the programme totalling 42 credits.

Transitions

Second-cycle master's study programmes (SQF level 8)

Condition for obtaining certificate

Students complete their studies when they have successfully met all requirements laid down by the study programme and accumulated at least 240 ECTS credits.
