ISCED field

Field
Izobraževalne znanosti in izobraževanje učiteljev

ISCED subfield

subfield izobraževanje učiteljev brez predmetne specializacije

Qualification level

SQF 9
EQF 7
Third level

Learning outcomes

The qualification holder is able to:

- identify students with special educational needs in elementary school and their traits, and factors from the social and learning environments,
- identify causes for students' learning difficulties, assess the different traits of children using observation techniques, rating scales, questionnaires, knowledge tests and other instruments,
- successfully plan differentiated and individualised programmes, approaches, models, methods, techniques, and aids for work with students, their parents and peers and with co-workers at schools and other experts who come into contact with students,
- provide the conditions to appropriately motivate each student, to create the appropriate atmosphere in the class, group and school, and develop positive attitudes towards these students,
- carry out regular and final evaluations, and adapt the teaching process to children's needs, etc.

Assessment and completion

Examination performance is scored as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5–1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

Students may enrol in a higher year if by the end of the academic year they have completed all requirements defined by the study programme for enrolment in a higher year.

Transitions

Third-cycle doctoral study programmes (SQF, level 10)

Condition for obtaining certificate

Candidates must defend their specialist thesis to complete their studies. Graduates of this programme must complete the programme by the 30.9.2016.

Awarding body

University of Ljubljana, Faculty of Education
