## Assessment and completion

System of assessment:

Students' attainment of the standards of knowledge defined by catalogues is established through testing and assessment. Students are assessed using grades from 5 (excellent) to 1 (inadequate).

## Progression

Students progress to the next year if at the end of the academic year they achieve a positive assessment in all subjects.

Matura examination

The matura examination is taken following the successful completion of the fourth year gimnazija or after completion of a matura course. Candidates' success in the general matura is assessed using: a) points, b) percentages, c) grades from 1 to 5 or point scores from 1 to 8. Candidates must achieve a positive score in all subjects in order to pass the general matura. The school issues successful candidates a general matura certificate and an attestation of success in the general matura examination.

## Transitions

matura/vocational course programmes (SQF level 5), higher vocational education (SQF level 6), professional higher education (SQF level 7), academic higher education (SQF level 7)

## Condition for obtaining certificate

Passing the matura examination.

## Awarding body

- Gimnazija
-
