Duration	2-3 years
Credits	120 credits
Admission requirements	• Elementary education or • SQF level 1
Qualification level	SQF 3 EQF 3

Learning outcomes

Knowledge: level 2, partly 3

Skills: level 3

Competences: level 3

Assessment and completion

Students' vocational abilities and skills and the fulfilment of conditions to obtain credits in accordance with the education programme are established through testing and assessment. Assessment also takes into account non-formally acquired knowledge that can be adequately demonstrated. Students are assessed using scores from 5 (excellent) to 1 (inadequate).

Progression

Students can progress to a higher year if at the end of the academic year they achieve a positive assessment in all subjects and modules relating to the year and have met other requirements (with regard to the programme and the school's operational curriculum).

Transitions

Access to secondary vocational education (SQF, level 4).

Condition for obtaining certificate

In order to complete education and obtain an educational qualification, students must achieve positive assessments in all the requirements defined by the programme. They must also pass a final examination.

The school-leaving examination comprises a product/service and an oral presentation.

Awarding body

- Vocational schools (also in combination with employers and/or an inter-company training centre)
- Education centres for children and adolescents with special needs (providing programmes adapted to the special needs of students)
- Adult education centres
