- see to their own professional development in the interpreting field,
- develop entrepreneurial characteristics, skills and behaviour,
- use information and communication technologies.

Accessors

Verification and assessment are carried out by committees for the verification and validation of national vocational qualifications, appointed by the National Examination Centre (NEC). Committee members must be licensed by the National Examination Centre. Licences may be found here .

Assessment and completion

VALIDATION

During the guidance process the candidate prepares a personal portfolio, which a committee then assesses, validating catalogue content in part or in full. If the committee is unable to validate all contents of the catalogue, it assigns tasks to the candidate for verification.

VERIFICATION METHOD

- Practical test of interpreting from spoken Slovene to Slovene sign language and from Slovene sign language to spoken Slovene with an oral presentation,
- oral presentation (presentation and explanation) of a written assignment in the social care field (for a more detailed description see the tasks for verification in point 11 of this catalogue – task "Outline

of social care").

Candidates enclose the written assignment in their portfolio or prepare it in the period before verification (at the guidance stage).

Condition for obtaining certificate

Candidates demonstrate attainment of the knowledge, skills and competences defined in the catalogue of standards of vocational knowledge and skills.

Awarding body

Providers of procedures for identifying and validating NVQs are entered in a register of providers maintained in the collection of the national information centre for vocational qualifications. These are: vocational schools, businesses, B2B training centres, adult education centres and chambers of commerce.
