- plan, organise and implement activities relating to the management of green areas for sports and leisure,
- participate in the preparation of outline plans and prepare the necessary documentation for establishing green areas destined for sports and leisure,
- plan and lead implementation of supply, maintenance and protection of green areas intended for sport and leisure, and decide on the installation and use of additional equipment in green areas and their surroundings.

Accessors

Verification and assessment are carried out by committees for the verification and validation of national vocational qualifications, appointed by the National Examination Centre (NEC). Committee members must be licensed by the National Examination Centre. Licences may be found [here](#).

Assessment and completion

VALIDATION

During the guidance process the candidate prepares a portfolio, which is assessed by a committee. If the portfolio submitted by the candidate contains authentic, valid and adequate proof of the knowledge, skills and competences defined in the occupational standard, the committee may:

- validate the contents of the occupational standard in full,

- validate the contents of the occupational standard in part and define the knowledge, skills and competence to be verified,
- refuse to validate any of the contents of the occupational standard because the candidate has not provided proof of any of the knowledge, skills and competences defined in the occupational standard, in which case it will verify the occupational standard in full.

METHODS OF VERIFICATION OF VOCATIONAL KNOWLEDGE AND SKILLS

- Practical verification and oral presentation of a technical assignment.
- The technical assignment is prepared in written form, consists of up to 20 pages and contains the following:

Presentation and definition of the operation (equipment, conditions of work, etc.)

Workforce plan

Programmes of work

Presentation of content of work

Promotional plan

Financial plan

Condition for obtaining certificate

Candidates demonstrate attainment of the knowledge, skills and competences defined in the catalogue of standards of vocational knowledge and skills.

Awarding body

Providers of procedures for identifying and validating NVQs are entered in a register of providers maintained in the collection of the national information centre for vocational qualifications. These are: vocational schools, businesses, B2B training centres, adult education centres and chambers of commerce.

Currently no providers.
