Invitation

Introductory International Conference:

Monitoring the Implementation of the Slovenian Qualifications Framework

The Conference will take place on

31st of May 2018

in Four Points By Sheraton Ljubljana Mons Hotel, Pot za Brdom 4, Ljubljana, Slovenia.

Dear NCPs!

After five years of its establishment and the placement in the European Qualifications Framework for Lifelong learning, Slovenian Qualifications Framework is facing new challenges. As other national qualifications frameworks in the stage of their active implementation at the national level, it is faced with the question of its impact and added value for different groups of stakeholders.

These issues are closely related to the challenge of evaluating and measuring the impact of national qualifications frameworks. Slovenian National Coordination Point for EQF in cooperation with the European Center for the Development of Vocational Training (CEDEFOP), runs the activity of monitoring the implementation of the Slovenian Qualifications Framework.

The event is primarily intended for all key stakeholders with an active role in the implementation and application of the Slovenian Qualifications Framework in practice, which will collaborate in the future evaluation of the Slovenian Qualifications Framework.

Moreover, the event also presents an opportunity for other EQF NCPs, in case they are planning the evaluation of national qualifications frameworks, in accordance with the new EU Council Recommendations on the European Qualifications Framework for Lifelong Learning of 22 May 2017. In this terms the conference is an opportunity to get CEDEFOPs expertise in defining the methodology for evaluation of NQFs and good practice example of evaluating and measuring the impact of Irish NQF. As it is widely known, Ireland has one of the oldest national qualifications frameworks in Europe and valuable experience with the systematic evaluations of the Irish National Qualifications Framework.

Travel and accommodation must be covered by the participants, but the program and meal will be complimentary. The conference programme and its detailed location is published at www.nok.si/aktualno and communicated via email. Registration is possible through the online application form from 7.5.2018 onwards until the fulfillment of places.

Kindly invited!

Urška Marentič

Head of EQF NCP,
Institute of the Republic of Slovenia
for Vocational Education and Training

Elido Bandelj

Director of Institute of the
Republic of Slovenia for
Vocational Education and
Training
